LETTERS SQUAD

What's up, Sonic Squad! Uh-oh...how can Sonic go fast with an injured leg?! Thank you for joining Evan Stanley, Rik Mack, Maria Keane, Reggie Graham, and Shawn Lee for issue #52! Now, let's check out your letters and art!

Hello, IDW,

I'm an autistic college student, having just discovered this comic storyline and its countless side plots and miniseries not too long ago, and I'm in love with it so far. I loved all the new characters added over time, especially Tangle, Whisper, Jewel, Starline, Surge, and Kitsunami. They add so much that I, and I'm sure many other *Sonic* fans, love that it makes the series so much more enjoyable than we've expected before. I'm just wondering, rereading all of the present and past issues, thinking when is the next Tangle & Whisper storyline coming out, as I'm just waiting anxiously to read it. Speaking of which, when is that coming out? I cannot wait for that story (and other stories with

Surge and Kit, too) to come out if you guys ever plan on doing more with that. I'm excited for the road and the journey that these stories will take and embark on to new heights.

Stay sharp, true believers!
Malachi =)

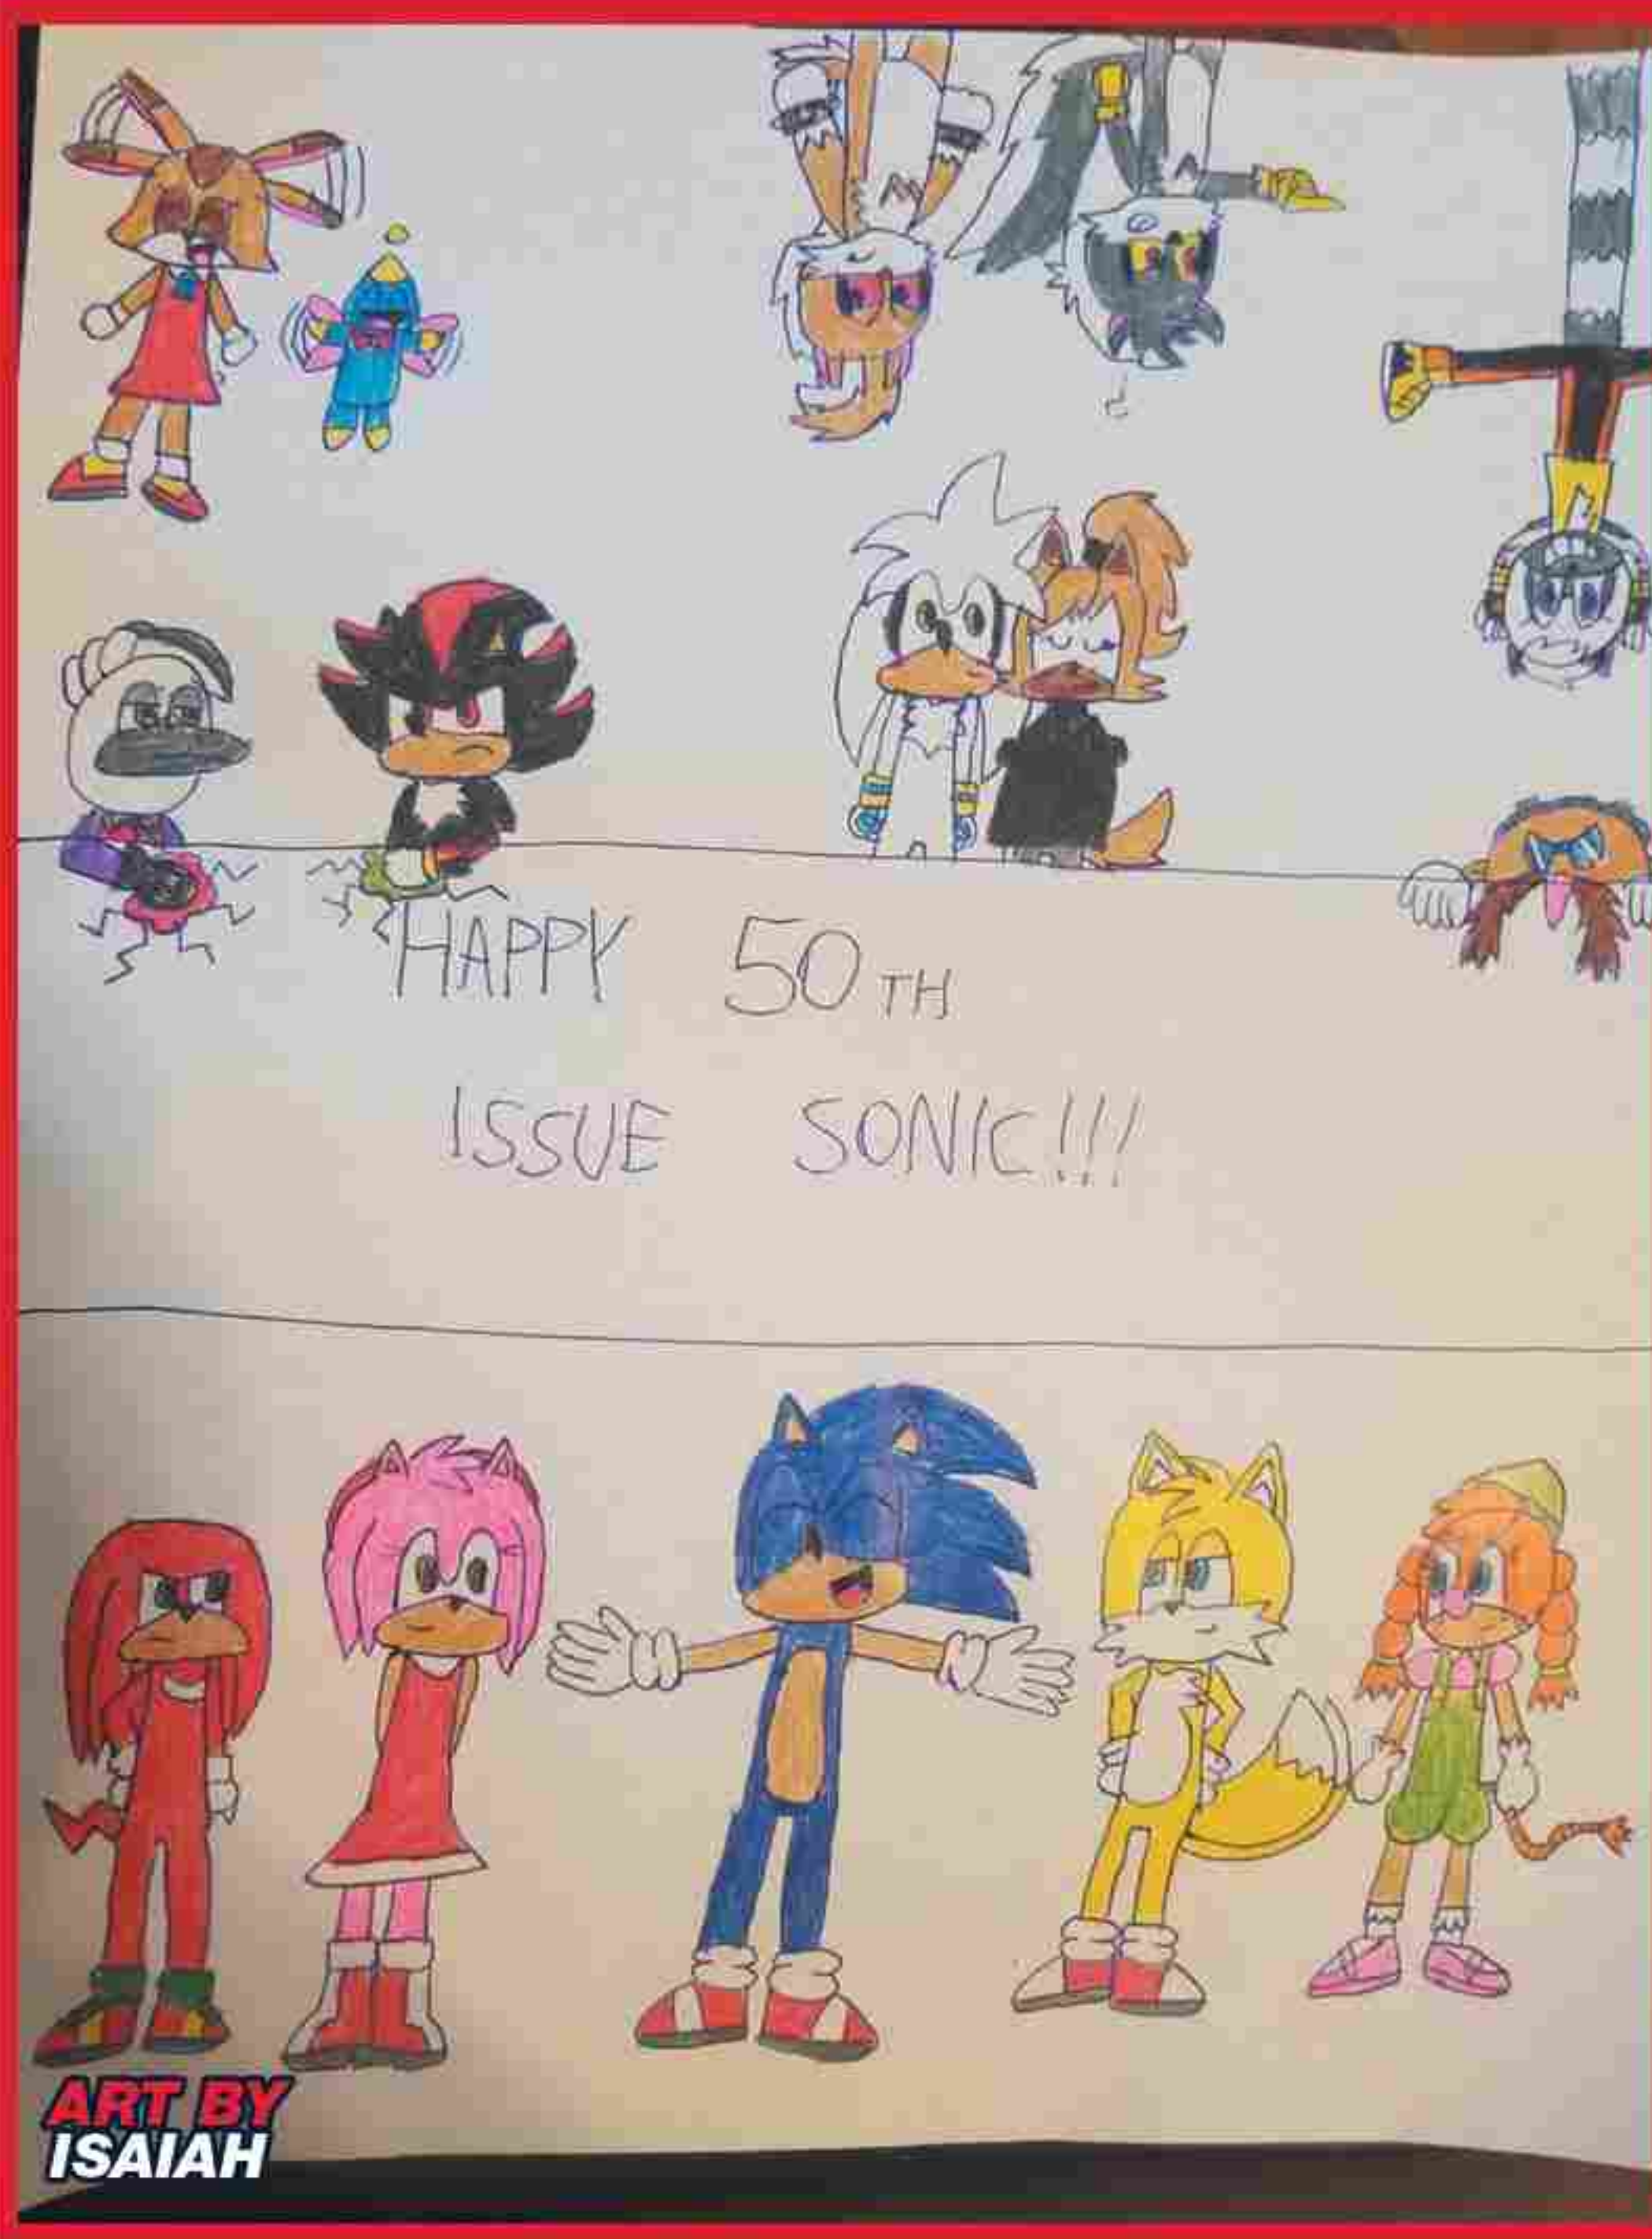

Hello, Malachi,

I'm so glad you like the comics, especially the new characters! It can be scary to introduce new characters alongside ones that have been around for over 30 years, so when people respond well to them, we feel like we've done our job well! I mean... have you seen all the Surge and Kit fan art?! Move over Sonic, the Green Blur is going to be taking over soon.

But as for Tangle and Whisper... we have plans for them in the near future! They have something special, both on the page and in how fans have responded to them, and we want to revisit their friendship soon.

Hey, IDW!

Issue #50 is almost here. I can barely contain my excitement! I have been a big fan since the first issue. You guys really know how to make the world's

most way-past-cool comic. I loved “All of Nothing,” “Chao Races and Badnik Bases,” and “Bad Guys,” and “Zeti Hunt.” *Imposter Syndrome* is super cool (even if Surge and Kit are Sonic and Tails imposters). One of my favorite teams in your comics is the trio of Sonic, Tails, and Belle.

Now for my questions...

1. Will we see any Sonic vs Knuckles battles?
2. When will Sonic and company search for the Chaos Emeralds again?
3. When will Silver, Knux, Metal Sonic, Rough and Tumble, or Mimic return?
4. Will you make Christmas or Valentine’s Day one-shots?

Isaiah

Hey, Isaiah,

We’re getting to your letter a bit late, but I hope you enjoyed issue #50! It featured your favorite trio, so how could you not?! To answer some of your questions...

1. Probably not anytime soon. Knuckles and Sonic are friends, and unless anything happens to change that, they’ll be fighting on the same side.

2. Also probably not anytime soon. Unless they are trying to get the emeralds before Eggman or to stop a villain, they let them be.

3. Soon, soon, in this issue, soon, and later!

4. We don’t have plans for those things yet, but those are good ideas! Although I would love to see a spookier series around Halloween...

By the way...the 2022 Annual came out earlier this month and featured Knuckles, Silver, Rough, Tumble, and a Chaos Emerald, so...maybe check that out to see more of your favorites!

Thanks for joining us, Squad. Don’t forget to send your art and letters to letters@idwpublishing.com, and make sure to mark them “OKAY TO PRINT”! And join the IDW Sonic Comics Squad on Facebook! Next month, check out issue #53 where the Blue Blur and the Blue Sorrowful Sidekick team up!
